Health Systems, Health, Wealth and Societal Well-being: Assessing the case for investing in health systems (European Observatory on Health Care Systems)

Josep Figueras, Martin McKee

This book looks at health systems from a new perspective. By reviewing the complex relationship between health systems, health and wealth, it argues that health systems need not be, as is often believed, simply a drag on resources but rather can be part and parcel of improving health and achieving better economic growth.

Aiming to assist policy-makers as they assess the case for investing in health systems, *Health Systems, Health, Wealth and Societal Well-being* reviews the evidence on:

How we can create equitable, sustainable health systems fit for the 21st century
