**Latin for beginners of Benjamin Leonard D'Ooge Ph. D. (Illustrated)** Benjamin Leonard D'Ooge Ph. D  
The Latin language, meaning the language of Latium, was spoken by the ancient Romans and other inhabitants of Latium, and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries. As the English of to-day is not quite the same as that spoken two or three hundred years ago, so Latin was not always the same at all times, but changed more or less in the course of centuries. The sort of Latin you are going to learn was in use about two thousand years ago. And that period has been selected because the language was then at its best and the greatest works of Roman literature were being produced. This period, because of its supreme excellence, is called the Golden Age of Roman letters.
