Where Am I Eating: An Adventure Through the Global Food Economy with Discussion Questions and a Guide to Going "Glocal" Kelsey Timmerman

A deeply human-centered perspective on the origins of America's food

Where Am I Eating? bridges the gap between global food producers and the American consumer, providing an insightful look at how our eating habits affect farmers and fishermen around the world. Follow the author on his global quest to meet the workers that nurture, harvest, and hunt our food, as he works alongside them—loading lobster diving boats in Nicaragua, harvesting bananas in Costa Rica, lugging cocoa beans in Ivory Coast with a modern-day slave, picking coffee beans in Colombia and hauling tomatoes in Indiana. This new edition includes a study guide, a deeper explanation of the "glocal" concept, and advice for students looking to become engaged as both local and global citizens. Arguing neither for nor against globalization, this book simply explores the lives of those who feed us.

Imports account for eighty-six percent of America's seafood, fifty percent of its fresh fruit, and eighteen percent of its fresh vegetables. *Where Am I Eating?* examines the effects of this reliance on those who supply the global food economy.

- Learn more about the global producers that feed our nation, and learn from their worldviews intensely connected to people and planet
- Discover how food preferences and trends affect the lives of farmers and fishermen
- Catch a boots-on-the-ground glimpse of the daily lives of food producers on four continents
- Meet a modern-day slave and explore the blurred line between exploitation and opportunity
- Observe how the poorest producers fare in the global food economy

This book takes a human-centered approach to food, investigating the lives of the people at the other end of the global food economy, observing the hope and opportunity—or lack thereof—that results from our reliance on imports. *Where Am I Eating?* is a touching, insightful, informative look at the origins of our food.
