**Managing Collective Investment Funds** Mark St Giles, Ekaterina Alexeeva, Sally Buxton

Managing Collective Investment Funds is a practical introduction to collective investment funds and their management, drawing on the experience of the authors in both developed and emerging markets. It identifies best practice internationally and also highlights the challenges of regulating and operating collective investment funds in new and emerging markets and explores how these can be met. Written for practitioners and regulators new to the collective investment funds business, it explores every aspect of a fund's structure and operation: from how it is valued and priced through to the importance of its regulatory, fiscal and accounting regimes and finally the effect these can have on market development. \* Provides a comprehensive review of collective investment fund operations \* Examines key factors in building a successful investment fund business \* Contains practical examples, questions and case studies illustrating current developments in the industry worldwide
