Persephone Unveiled: Seeing the Goddess and Freeing Your Soul Charles Stein

Persephone Unveiled reveals the goddess in all her guises, as the daughter of Demeter; the Queen of the Underworld; the archetypal female healer; and as a central figure in the Eleusinian Mysteries, where celebrants experienced sacred visions through secret rituals fueled by an LSD-like substance. The author examines the known details about the psychoactive agent and explores the Mysteries' influence on, and relationship to, early Christianity. Guided meditations, using active imagination techniques, help readers summon an experience with the goddess.
