Issues in Aging: An Introduction to Gerontology Mark Novak

This text examines the social issues raised by individual and societal aging. Discussions of United States social institutions such as health care, housing, and income security systems provide a context for examining the sociological construction of aging and how aging is experienced by individuals. The text features in-depth coverage of current issues as well as profiles of individuals who are experiencing these issues first hand. This issue-oriented approach helps students see the relevance of aging to their own lives today and in the future.
