## **Langman's Medical Embryology** Thomas W. Sadler PhD

**Langman's Medical Embryology** covers embryology for medical, nursing, and health professions students with a strong clinical emphasis. The text is highly valued as a teaching and learning resource for its clinical correlation boxes, summaries, problems to solve, illustrations and clinical images, and clear, concise writing style—all of which make the subject matter accessible to students and relevant to instructors. Online material includes Simbryo—an animation program showing processes, organs, and systems developing in human embryos—as well as review questions and full text online. A separate Faculty Image Bank and PowerPoint presentations are also available.
