Excerpt from The History of Italy: From the Fall of the Western Empire, to the Commencement of the Wars of the French Revolution

My dear Mills,

Permit me the pleasure of inscribing your name on this work. I need not detail the reasons of private esteem and regard which urge me on this occasion; and no apology will be required for my dedicating this volume to one who has performed so much in literature, and from whom so much more is expected. You have already thrown high romantic interest over the stem features of the Crusades; and you have now found a fairer and more brilliant theme in the history and institutions of Chivalry. Those books will naturally be classed together, and reflect value on each other; and I shall feel proud if my attempt to delineate the revolutions of Italy can be associated with that work, in which you have successfully treated the literature and art of the same interesting country.
