God in Proof: The Story of a Search from the Ancients to the Internet Nathan Schneider

In this tour of the history of arguments for and against the existence of God, Nathan Schneider embarks on a remarkable intellectual, historical, and theological journey through the centuries of believers and unbelievers—from ancient Greeks, to medieval Arabs, to today’s most eminent philosophers and the New Atheists. Schneider’s sure-handed portrayal of the characters and ideas involved in the search for proof challenges how we normally think about doubt and faith while showing that, in their quest for certainty and the proofs to declare it, thinkers on either side of the God divide are often closer to one another than they would like to think.
