The Colonel: The Extraordinary Story of Colonel Tom Parker and Elvis Presley Alanna Nash

A meticulously researched biography, this story profiles "The Colonel" Tom Parker, the man behind Elvis Presley, in a compelling new light. Filled with startling material found in never-before-seen documents, including Parker's army records, psychiatric evaluations, and police reports, this investigation challenges even the most familiar aspects of the Presley saga. Parker, who handled every aspect of Elvis Presley's career and much in his personal life, is revealed as an overwhelmingly selfish man who sought to hide his own illegal alien status rather than further the art of a great musician. Astonishing and impeccably written, this entertaining book proves that the only figure in American popular culture as fascinating as Elvis Presley is Colonel Tom Parker, the man who shaped Elvis, and in turn shaped music history.
