Wolves of the Five Tribes: Bloodcoat Rogue KA Taylor

## Kindle Unlimited Exclusive Serial

From the author of The First Alpha (amzn.com/B00EXW50JC) comes **Bloodcoat Rogue**, the first episode in the Wolves of the Five Tribes serial.

**Please note before you buy:** Bloodcoat Rogue is a **6,000 word short story** from the Five Tribes universe, exclusively published for Amazon. The story is the first in a multi part serial, and is available to read **free of charge** by Kindle Unlimited members. The price for non-members is - and will always be - \$0.99 (I want to make it **crystal clear** that this is a short, lunch-break story).

When the serial is complete Bloodcoat Rogue will be published as the opening chapter of the collection. If you don't like to read short stories feel free to wait until the release of the collection.

This story is intended as a standalone accompaniment to the full length novels of the Wolves of the Five Tribes series. It isn't necessary to have read The First Alpha to enjoy this book (though you should anyway).

## Bloodcoat Rogue

Isla Stone could **NOT** be having a worse day. Stranded, scared and freezing to death in the snowbound Rogue River-Siskiyou National Forest, it seems she *really* should have listened to her Dad when he tried to teach her basic auto repair.

But Isla isn't alone...

She's being watched... *Hunted*.

Bloodcoat Rogue is the beginning of a new chapter in the Five Tribes universe.

This is the age of the Bloodcoats; the rise of the *cappotto di sangue*. This... this is the time for new blood.
