Hedy Lamarr

Ecstasy and Me My Life as a Woman Hedy Lamarr

This is the autobiography of Hedy Lamarr, who is famous for two things: First: Her movie career, as she was regarded as the most beautiful woman in Hollywood. She was also the first woman ever to appear nude in a movie. Second: She is famous as an inventor, a scientist and a researcher, especially during the Second World War, as she developed and patented a method to defend against torpedoes and missiles. She also developed an anti-aircraft system where the anti-aircraft fire would not hit the aircraft but would explode nearby. Nowadays, in the aftermath of the shooting down of Malaysian Airline 17 over Eastern Ukraine, killing 298 passengers, a new look is being taken at the process developed by Hedy Lamarr. The missile that shot down the Malaysian Airplane used a system similar to the one developed by Hedy Lamarr, and the defense against torpedoes she developed might have applications to prevent future commercial aircraft from being knocked down.
