Do you know who are the most popular duo of all time?

Simon & Garfunkel

This is another in the series of tributes to rock and roll heroes of the past and present. Simon & Garfunkel only produced 5 albums together before breaking up in 1971, but they are the sound of the Sixties and will be remembered for many years to come.

Each had a successful solo career and that also is covered in this book.

You will discover:

Introduction: The kickoff for the book and my thoughts on the group.

The Early Years: The boys grew up together and have known each other almost their whole life.

Tom & Jerry: The story of their first recordings as Tom & Jerry.

Taking a Break From Music: Their first breakup (but not their last)

Signing on to Columbia: They finally get a recording contract. Are they stars overnight?

"The Sound of Silence": The story of the song that kicked off two careers.

Then Lightning Struck: They finally get their big break.

"Parsley, Sage, Rosemary, and Thyme": Their famous second album.

The Drug Years: It seems most performers go through them. The years of drug abuse.

"Mrs. Robinson": The story behind, perhaps, their most famous song.

"Catch-22": Art Garfunkel becomes an actor.

"The Boxer": Another of their more famous songs.

Female Companionship: Both Art Garfunkel and Paul Simon get married about the same time.

"Bridge Over Troubled Water": Their last and most successful album.

Paul Simon Alone: The start of the solo years after the breakup.

Art Garfunkel Alone: Art must also face being alone with his talent.

"There Goes Rhymin' Simon": The second solo album by Paul Simon.

Problems at Home: Being a celebrity is hard on the home life.

"My Little Town": A brief reunion of sorts as they record together again.

"Annie Hall": Paul finally gets his chance to act in a movie.

Carrie Fisher: Did you know Paul was married to Carrie Fisher for a short time?

The Central Park Concert: How many attended and why was it the event of the century?

"Graceland": The interesting story behind one of Paul's most famous and popular albums.

In the Years Since: Bringing the guys up to the present.

Legacy of Simon & Garfunkel: Every Legends book has a section on the notable accomplishments of the performer.

Afterword: My closing thoughts.

Selected Discography: A selected reference of the works of the performers.
