Nelson Textbook of Pediatrics Robert M. Kliegman, Bonita M.D. Stanton, Joseph St. Geme, Nina F Schor, Richard E. Behrman

Nelson Textbook of Pediatrics has been the world's most trusted pediatrics resource for nearly 75 years. Drs. Robert Kliegman, Bonita Stanton, Richard Behrman, and two new editors-Drs. Joseph St. Geme and Nina Schor-continue to provide the most authoritative coverage of the best approaches to care. This streamlined new edition covers the latest on genetics, neurology, infectious disease, melamine poisoning, sexual identity and adolescent homosexuality, psychosis associated with epilepsy, and more.

- Understand the principles of therapy and which drugs and dosages to prescribe for every disease.
- Locate key content easily and identify clinical conditions quickly thanks to a full-color design and full-color photographs.
- Stay current on recent developments and hot topics such as melamine poisoning, long-term mechanical ventilation in the acutely ill child, sexual identity and adolescent homosexuality, age-specific behavior disturbances, and psychosis associated with epilepsy.
- Tap into substantially enhanced content with world-leading clinical and research expertise from two new editors-Joseph St. Geme, III, MD and Nina Schor, MD-who contribute on the key subspecialties, including pediatric infectious disease and pediatric neurology.
- Manage the transition to adult healthcare for children with chronic diseases through discussions of the overall health needs of patients with congenital heart defects, diabetes, and cystic fibrosis.
- Recognize, diagnose, and manage genetic conditions more effectively using an expanded section that covers these diseases, disorders, and syndromes extensively.
- Find information on chronic and common dermatologic problems more easily with a more intuitive reorganization of the section.

From reader reviews:

Alberta Sanchez:

The book Nelson Textbook of Pediatrics has a lot of information on it. So when you check out this book you can get a lot of advantage. The book was authored by the very famous author. Tom makes some research ahead of write this book. This specific book very easy to read you may get the point easily after reading this article book.

James Boyett:

This Nelson Textbook of Pediatrics is great book for you because the content that is full of information for you who have always deal with world and still have to make decision every minute. This particular book reveal it facts accurately using great organize word or we can point out no rambling sentences included. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides straight forward sentences but hard core information with lovely delivering sentences. Having Nelson Textbook of Pediatrics in your hand like finding the world in your arm, facts in it is not ridiculous a single. We can say that no book that offer you world with ten or fifteen moment right but this publication already do that. So , this really is good reading book. Hi Mr. and Mrs. active do you still doubt in which?

Pearl Dyson:

Reading a book to be new life style in this season; every people loves to study a book. When you learn a book you can get a lots of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you need to get information about your study, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this kind of us novel, comics, and soon. The Nelson Textbook of Pediatrics offer you a new experience in examining a book.

Clara Duke:

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the professor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Nelson Textbook of Pediatrics can make you sense more interested to read.
