How I Sold My House in Six Days on Craigslist: And Saved Almost \$5,000 with My Simple Online "For Sale By Owner" Marketing Plan Jonni Good

The author spent three weeks getting her house spruced up, and then placed an ad on Craigslist. Six days later she had a signed full-price offer. Some of her marketing techniques are a bit unconventional, but they worked. In this book, you'll learn:

- The six reasons why the author was convinced she could sell her own home without the help of a real estate agent.
- How she got her house ready for sale, while completely ignoring the usual advice of “staging” experts.
- The online resources that helped her avoid the common FSBO mistake of overpricing the house.
- How she used her web publishing experience to focus on the “niche market” that would be most likely to fall in love with the unique character of her home.
- How a simple and basic WordPress website made her ad stand out from all the other real estate ads on the Craigslist site.
- How she made it easy for buyers visiting Craigslist to find her ad.
- How she and her buyer worked together to make the deal work.
- The exact steps she took to build her website in just a few hours.
- And why the author says “If I ever sell another house I’ll sell it myself, on Craigslist.”

The author is not a professional real estate agent. She's a craft-book author, sculptor and web publisher, who has spent the last 12 years making a living online.
