In today's fast-paced world, it's tough to find the time to read. But with Joosr guides, you can get the key insights from bestselling non-fiction titles in less than 20 minutes. Whether you want to gain knowledge on the go or find the books you'll love, Joosr's brief and accessible eBook summaries fit into your life. Find out more at [joosr.com](http://joosr.com).

Who are we? Where are we? Why are we here? Discover how humans have discovered the answers to questions about our origins and place in the universe, and what new or continuing questions we are seeking answers to today.

Human Universe is an explanation of the place you and all humans hold in time and space. Through studying the laws of nature and observing space around us, we have determined that as insignificant as we seem in the grand scheme of things, we are actually something special and unique. Through a combination of natural laws and sheer luck, humanity has become the only known intelligent civilization in existence.

You will learn:

- How humans were able to evolve larger, more capable brains thanks to the orbit of the Earth
- What came before the big bang and the implications it has on the future
- Whether it is possible for extraterrestrial intelligence to exist and how we might find it.
