Romantic suspense new adult and bad boy college romance

I start hating Oliver just after his older brother Christian's death. I drag him down a road of humiliation and pain to try to cope with what his brother did to me.

A few months after Christian's passing, Oliver leaves town, and for the next two years, he is absent from my life. The demons claw their way back in, and I must learn to live with the secret that has destroyed me.

Now I'm starting a new life, away from Gargle and away from my past, but everything crashes when I see Oliver the first day at university. It's clear that many things have changed since we've been apart. Now he is captain of the rugby team and the most popular bloke on campus.

Then he makes a bet and gives me an ultimatum: I leave Braxton forever and start somewhere else, or I stay and play his game... because he's never forgotten that it was me who ruined his life two years ago.
