Emphasizes the importance of style in writing for a global audience

Style: Lessons in Clarity and Grace asserts that style is a matter of making informed choices in the service of one's readers. While writers know best what they want to say, readers ultimately decide if they've said it well. This flagship text builds on that premise, with updates on subjects such as gender-neutral writing and writing for global audiences. It brings the authors' innovative approach to the needs of today's students, while maintaining that writing with style is a civic and ethical virtue.
