## **The Lady from the Sea** Henrik Ibsen

The Lady from the Sea is a play written in 1888 by Norwegian playwright Henrik Ibsen inspired by the ballad Agnete og Havmanden. The drama is notable in the Ibsen corpus for introducing the portrayal of Hilde Wangel who is again portrayed in Ibsen's later play The Master Builder. This symbolic play is centred on a lady called Ellida. She is the daughter of a lighthouse-keeper, and grew up where the fjord met the open sea; she loves the sea. She is married to Doctor Wangel, a doctor in a small town in West Norway (in the mountains). He has two daughters (Bolette and Hilde) by his previous wife (widowed), and he and Ellida had a son who died as a baby. This put big strains on the marriage. Wangel, fearing for Ellida's mental health, has invited up Arnholm, Bolette's former tutor and now the headmaster of a school, in hope that he can help Ellida.
