**Beyond Galaxy's Edge: Science Fiction Romance (Phoenix Adventures Book 5)** Anna Hackett  
**Book Five of the award-winning series, THE PHOENIX ADVENTURES.**

Ambitious Patrol Captain Nissa Sander has spent three years at the galaxy's edge keeping the law and order, and chasing scoundrel smuggler, Justyn Phoenix. But the charming rogue has always outwitted her and she's had a hard time ignoring his hard body and handsome face. But when one of the galaxy's most important documents--the US Constitution--is stolen, Nissa finds herself working with the very man she's been trying to throw in her brig.

Justyn Phoenix embraces life and offers everyone a wink and a smile. He's also in love with a spit-and-polish Patrol captain. Yep, crazy in love, and he knows she'll never love him back. But when the opportunity arises to work alongside Nissa on a wild and crazy mission to recover the US Constitution, he can't resist.

But nothing on this treasure hunt is as it seems. The trail leads them to fake documents, rival treasure hunters, and a millennia old mystery. As the hunt takes them beyond the galaxy's edge, Justyn and Nissa will face the firestorm of their desire, and soon learn if they can survive long enough to save the galaxy.

**Note to readers:** This sci fi romance contains a lot of action (think alien worlds, starship crashes and space battles), cool offshoots (some sexy deep-space explorers) and a steamy romance (lots of sexy times between a charming smuggler and a spit-and-polish captain). This is treasure hunting sci fi style. So if you like it fast, and fun, and sexy, this is for you!

Includes preview of Book 7 of the Phoenix Adventures series, Return to Dark Earth.

## **Q & A with the Author**

**Q - How would you describe the Phoenix Adventures series?**

A - Treasure hunters in space! A few readers have said it's like Indiana Jones set far into the future. All the books in the series are fast, fun thrill-ride treasure hunts for old Earth artifacts. There is lots of action, adventure, space opera, and of course, romance. I'm thrilled the books in the series have won so many awards from a SFR Galaxy Award for Most Fun New Series to a Prism Award for Best Futuristic Romance (On a Rogue Planet) to the Romance Writers of Australia Romantic Novella of the Year (Beneath A Trojan Moon).

**Q - Why did you want to write the series?**

A - I love action, adventure and romance. And I love science fiction romance and all the endless possibilities. Combine all that with a fascination with ancient artifacts and the Phoenix Adventures were born. I really wanted to capture what the expeditions of old must have felt like - trekking through jungles or desert sands and stumbling across crumbling ruins. Since all the good stuff has been found nowadays, I looked to the future and jetted off into space.

**Q - What order should I read the books in?**

A - All the Phoenix Adventures books are stand-alone adventures - many readers have entered the series with later books in the series. However, characters from the early stories do appear in later books, so I think it adds something to the reading experience to read them in order. Here's the order I suggest:

- Among Galactic Ruins (prequel)
- At Star's End
- In the Devil's Nebula
- On a Rogue Planet
- Beneath a Trojan Moon (novella)
- Beyond Galaxy's Edge
- On a Cyborg Planet (novella)
- Return to Dark Earth
- On a Barbarian World (coming soon)

**About Anna:** I'm passionate about all things action romance. I love stories that combine the thrill of falling in love with the excitement of action, danger and adventure. I write about people overcoming unbeatable odds and achieving seemingly impossible goals. I like to believe it's possible for all of us to do the same.

**The Phoenix Adventures Science Fiction Romance Series:**

- Science Fiction Romance
- Action Adventure Romance
- Space Opera
- Futuristic Romance
- Cyborg Romance
- Fantasy Romance
- Military Romance
