Architects of Peace: Visions of Hope in Words and Images Michael Collopy

Seventy-five of the world's peacemakers - spiritual leaders, activists, scientists, writers - appear in this tribute to the power of nonviolence. Photographer Michael Collopy combines his original tritone portraits of these luminaries, from Nelson Mandela to the Dalai Lama, with moving statements on peace in their own words - most written especially for this book. Including 16 Nobel Peace Prize laureates as well as less known heroes such as Bosnian diarist Nadja Halilbegovich, Architects of Peace offers a message of hope for humanity.
