*Is He Straight? The Checklist for Women Who Wonder* offers a clear, concise perspective on the topic of straight/gay marriages based on one woman's experience of such a relationship and its aftermath and her counseling of thousands of women in the same situation. This is the only book of its kind to contain easy-to-use checklists that outline and reveal tell-tale signs and personality traits of potentially gay husbands as well as the women they consciously choose as wives. It also provides up-to-date information on how to find and start a local support group and offers a companion website on which to find answers and chat with others in a comparable situation.

*The revised edition (2004) expands the original gay husband checklist and offers additional information about the effects of these marriages on women's personal feelings of sexual and self-esteem.*
