The Kosovo Crisis: The Evolution of Post Cold War European Security

Martin A. Smith, Paul Latawski

The Kosovo Crisis: The Evolution of Post Cold War European Security Martin A. Smith, Paul Latawski
This book looks at the legacy of the 1998-99 Kosovo crisis for European security affairs. It examines the debates about the nature and justification of intervention in the affairs of sovereign states. It also considers the impact of the crisis on NATO and on relations between western states and Russia both during and since Kosovo. Well-known "facts" are critically assessed and challenged. The authors argue that the NATO attacks on Serbia were not a "war," nor did the crisis directly lead to moves to endow the European Union with its own military dimension. They place the Kosovo crisis in the context of the long-term evolution of a transatlantic "community of values" between Europe and North America.
