CISSP For Dummies (For Dummies (Computer/Tech)) Lawrence C. Miller, Peter H. Gregory
The fast and easy way to secure your CISSP certification

Are you a security professional seeking the valuable CISSP certification? Good for you! *CISSP For Dummies* is the ideal starting point on your journey, providing you with a friendly and accessible framework for studying for this highly sought-after certification. Fully updated to reflect the latest iterations of all eight domains covered by the test, it offers helpful study tips, guidance on making a 60-day study plan, 'instant answers' to help you recall key information, practice tests, and much more.

Packed with key information needed to pass the exam—and hints on how to remember it all on test day—this new edition of *CISSP For Dummies* takes the intimidation out of preparing for getting your certification. Every chapter includes a 'Quick Assessment' test at the beginning and a 'Test Prep' section at the end to help you gauge your progress, while access to randomly generated test questions online gives you the freedom to practice and test your knowledge whenever it's convenient for you.

- Review the eight domains of security found in the CISSP Common Body of Knowledge
- Explore security websites and supplementary books
- Get a feel for the real thing with 250 practice exam questions
- Learn about exam requirements and find out how to register

If you're a CISSP hopeful or an existing certification-holder looking to renew your certification, *CISSP For Dummies* is the down-to-earth roadmap to get you there.

From reader reviews:

Joseph Ortiz:

Book is to be different per grade. Book for children right up until adult are different content. As we know that book is very important for all of us. The book CISSP For Dummies (For Dummies (Computer/Tech)) has been making you to know about other information and of course you can take more information. It is very advantages for you. The publication CISSP For Dummies (For Dummies (Computer/Tech)) is not only giving you more new information but also to become your friend when you truly feel bored. You can spend your spend time to read your guide. Try to make relationship with the book CISSP For Dummies (For Dummies (Computer/Tech)). You never feel lose out for everything in case you read some books.

Mary McDonald:

Reading a reserve tends to be new life style within this era globalization. With reading through you can get a lot of information that can give you benefit in your life. Along with book everyone in this world could share their idea. Books can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or maybe their experience. Not only the story that share in the guides. But also they write about the knowledge about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on earth always try to improve their talent in writing, they also doing some research before they write on their book. One of them is this CISSP For Dummies (For Dummies (Computer/Tech)).

Hubert Smith:

Are you kind of hectic person, only have 10 or maybe 15 minute in your morning to upgrading your mind expertise or thinking skill perhaps analytical thinking? Then you have problem with the book in comparison with can satisfy your short space of time to read it because pretty much everything time you only find publication that need more time to be learn. CISSP For Dummies (For Dummies (Computer/Tech)) can be your answer mainly because it can be read by you actually who have those short free time problems.

Lashunda McCloud:

Some individuals said that they feel fed up when they reading a guide. They are directly felt the item when they get a half portions of the book. You can choose often the book CISSP For Dummies (For Dummies (Computer/Tech)) to make your reading is interesting. Your skill of reading talent is developing when you just like reading. Try to choose straightforward book to make you enjoy to see it and mingle the idea about book and looking at especially. It is to be initially opinion for you to like to wide open a book and learn it. Beside that the reserve CISSP For Dummies (For Dummies (Computer/Tech)) can to be your new friend when you're experience alone and confuse with the information must you're doing of this time.
