I love my pygmy goats. They make me laugh every day: their silly attitude, their “smile”, the great times we have when we practice their training.

They are, in my opinion, seriously amusing animals. Not to mention the tasteful milk I enjoy from them.

Thanks Lana, Morine, Seba and Georgie for giving me such a good time. I know, it is a bit silly isn't it, thanking goats, but I just wanted to do it as they are wonderful animals.

I hope you enjoy reading this book in which I explain my experience of bringing up pygmy goats.

I believe I have covered everything you need to know about keeping your pygmy goat(s): how many best to buy, the pros and the cons, where to buy the, daily care, housing, food and treats, bonding, shopping list you need, milking, health, vaccinations, illnesses, play and enrichment, training (that is really good fun), breeding, total costs, biology, how and a word about the law and insurance. Yes, it's all covered in this book, and more...
