**Tours and Tales.** Alejandro Roque Glez

Here we bring you pleasant narratives described with stories sandwiched in between and about visits to places of interest, whether tourist or educational. They include pictures of the environment within the narrative next to sympathetic and likable occurrences.

In between 'cabbage and cabbage' the author added stories where he writes something that has happened to him and his canine friends, or anyone else, including the recent misfortune when the Monkey Buttocks-Eater is involved, who gives the Roman explorers a fatal and bad taste for adventure; however, the whole story teaches us the importance of faith and perseverance.
