Blood Ties (Claimed) Cathryn Fox

Her survival depends on the man—and the erotic sex—of her dreams.

A *Claimed* story.

Dari Blake has spent her life sheltered from the world, believing she has a rare, genetic blood disorder that prevents her from aging. Her overprotective guardians are her only company, except for the mysterious man who enters her nightmares, soothing them into erotic dreams. Only he seems to have the power to help her shut out the cacophony of voices in her head.

Alone in his English castle, Mikel Sare has one mission in life: to protect Dari, his soul mate. Unbeknownst to her, she isn't suffering from a rare disorder, she is a rare creature herself. She, like Mikel, is a Nallie. Part human, part vampire, one of only two left in the world. Her womb, and her psychic ability, are more powerful—and more dangerous—than she could ever imagine.

Now the alien vampires who created their kind are back, killing everyone in their path as they seek to take control of her child-bearing body. To defeat them, Mikel and Dari must join together—mind, body, blood and soul—in a ritual that will exponentially increase their power.
