It's now possible to get a portable ebook reader that can hold over 100 novels and some game devices like the Kindle enable you to read E books on them. Many of your children's favorite novels are available as ebooks and the prices are very reasonable. The popular series Eragon may cost \$22.95 for a hardcover edition but the same novel in ebook form is about \$8.00. This has many benefits. The most obvious one is that it can't be destroyed. Unless you reformat your computer, that ebook will be with you forever. Many of these sites will require you to register with them and you can choose whether or not to receive e-mail from these sites. If your child is an avid reader of E books, it might be beneficial to subscribe to their "What's New" newsletters.
