**Conquering Cancer** Susan Gorkosky, John Lubecki D.C.

This book is an attempt to synthesize from the available information that which appears to be most relevant and valid concerning new methods of treatment for cancer and other illness. It describes alternative methods for treating everyday illness and allergies to the more difficult chronic conditions. It includes descriptions of the treatments as well as examples of how they have helped patients. These are all natural noninvasive protocols such as low level laser treatment, healing light, extensive detoxification, diet and nutrition changes, whole food supplementation, and the benefits of juicing and organic raw foods. Including the personal experiences of the author Susan Gorkosky. Susan explains her struggles with brain, bone, and lung cancers and how her new lifestyle changes and use of the new methods such as healing low level lasers and detoxification have helped her have a longer happier life.
