Skipping Rocks Karen K. Shofner

"Skipping Rocks" is a collection of poems about life in general: The good, the bad, and the in between.

Karen has fond memories from her childhood of searching for the perfect flat, smooth rock and then skipping it across the lake. If she had the right rock and held it just right, the rock would skip five maybe six times in a row. She feels that life is a lot like skipping rocks. Some days the rock will skip smoothly across the water, and other days it will go "plunk" and disappear quickly beneath the surface. Either way, don't quit skipping rocks and don't forget about Christ, the Solid Rock, who is always with us, even when all our rocks seem to be sinking straight to the bottom.

From reader reviews:

Steven Resnick:

Nowadays reading books become more and more than want or need but also work as a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book which improve your knowledge and information. The data you get based on what kind of book you read, if you want attract knowledge just go with schooling books but if you want really feel happy read one using theme for entertaining like comic or novel. Typically the Skipping Rocks is kind of book which is giving the reader erratic experience.

Donald Murray:

This book untitled Skipping Rocks to be one of several books that best seller in this year, this is because when you read this reserve you can get a lot of benefit upon it. You will easily to buy this particular book in the book retail store or you can order it by means of online. The publisher with this book sells the e-book too. It makes you more readily to read this book, since you can read this book in your Smartphone. So there is no reason for your requirements to past this book from your list.

Enrique Boggs:

Many people spending their time by playing outside with friends, fun activity with family or just watching TV the whole day. You can have new activity to invest your whole day by reading through a book. Ugh, think reading a book will surely hard because you have to use the book everywhere? It alright you can have the e-book, taking everywhere you want in your Smart phone. Like Skipping Rocks which is getting the e-book version. So , why not try out this book? Let's notice.

Eugene Howard:

As a university student exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the trainer want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring and can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Skipping Rocks can make you really feel more interested to read.
