Launching the Imagination 3D Mary Stewart

Designed for courses in Creativity and Three-Dimensional Design, *Launching the Imagination* offers a comprehensive framework on which students, teachers, and administrators can build. The approach in this third edition is refined, distilled, and updated, using over 375 examples drawn from traditional and contemporary sources. Interviews of artists and designers, known as **Profiles**, introduce students to working processes, career choices, and criteria for excellence from a remarkable group of masters.

Launching the Imagination is also available in a comprehensive volume treating 2D design, Creativity and Problem-solving, 3D design, and time-based (4D) design; or in a split volume containing 2D design plus the material on Creativity and Problem-solving.

This edition of *Launching the Imagination* moves the content of the Core Concepts in Art CD-ROM to the Online Learning Center. With free access, this website, which engages students interactively with the elements and principles of art through numerous interactive exercises, has been re-organized and expanded.
